“On top of the warm and fuzzy feeling from helping us out, you’ll also get something back.

We normally meet on the first Monday of the month in the centre of town. Please check for details.

What we’re working on

Right now we’re concentrating on the big national campaigns such as tackling climate change, as well as local issues; such as, Planning and Development in Shropshire, and Shrewsbury Town Centre Traffic and Air Quality. These might seem like lots of different issues, but they’re all connected. And we know we can make a difference because we’ve done it before.

We’re a group of more than 60 people, from all different backgrounds but we have something in common. We’re passionate about creating a thriving world for everyone. **That world means having a healthy natural environment, a fair economy and a place where everyone’s needs are met, now and in the long run.**
